

Dinner at

the dockside

Torch Lake, Michigan

For Breast Cancer Prevention

Friday, September 10, 2010

5-10 PM

Dockside Restaurant, Torch Lake at Clam River

Come celebrate the end of summer and share a sunset with us while supporting a worthy cause. Come by car or boat. Have some great food while you sit inside or on the outdoor deck and watch the people and the boats go by. It doesn't get any better than this!!

50% of the evening's proceeds will be donated to the Antrim County High Tea for Breast Cancer Prevention (ACHT), a 501(c)(3) corporation.

Antrim County High Tea for Breast Cancer Prevention

The mission of ACHT is to educate and assist residents of Antrim County who are uninsured or underinsured for breast cancer screening and testing. The number of women being tested has more than doubled over the last three years but is still only a portion of those in need.
